The Solar system song

https://youtu.be/BZ-qLUIj_A0?si=VATRCPaLGbBaU728

I am the Sun

I'm a burning ball of fire

I'm very big indeed

life on Earth depends on me, I am the Sun.

I am Mercury

I'm the closest planet to the Sun

I'm a ball of iron, I have no moon.

I am Venus

I'm the same size as the Earth

But I spin the other way Much more slowly

I have no water, I am Venus.

I am the Earth

The place where we all live

There's land and lots of seas, so I look blue

I have a moon, I am the Earth.

I am Mars

I'm a rocky red planet

My mountains are the highest in the Solar system

I have two moons, I am Mars.

I am Jupiter

I'm a gas giant

I'm the biggest and I spin the fastest

I have the biggest moon, I am Jupiter.

I am Saturn

I'm a gas giant

My rings are made of ice

Titan is my biggest moon, I am Saturn.

I am Uranus

I'm an icy gas giant

I'm the coldest planet of the solar system

And I have rings made of dust, I am Uranus.

I am Neptune

I'm an icy gas giant

I'm the farthest planet from the Sun

I have many stones, I am Neptune.
